

Sampling Results from August 2016 (Preliminary Charts)

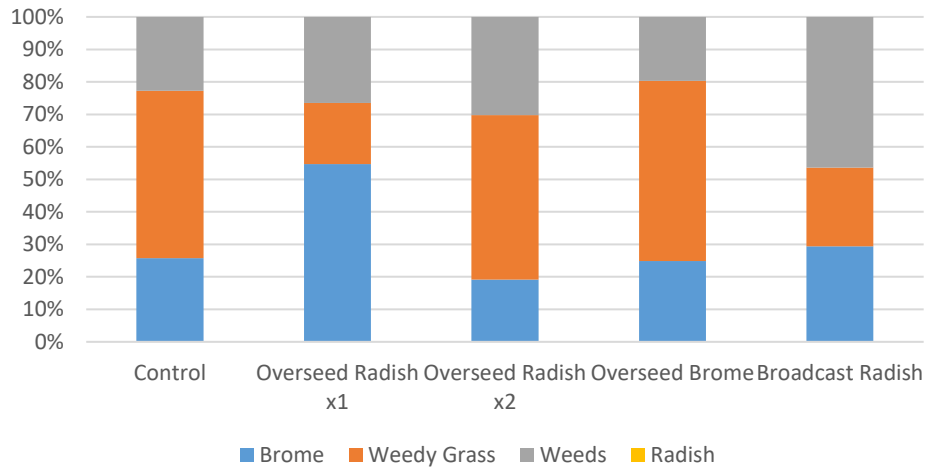

Description of Treatments by Year:

Treatment	2015	2016
Control	None	None
Overseed Radish x1	Overseed Radish	None
Overseed Radish x2	Overseed Radish	Overseed Radish
Overseed Brome	Overseed Brome	None
Broadcast Radish	Spray Out Vegetation, Broadcast Seed Radishes	Overseed Brome

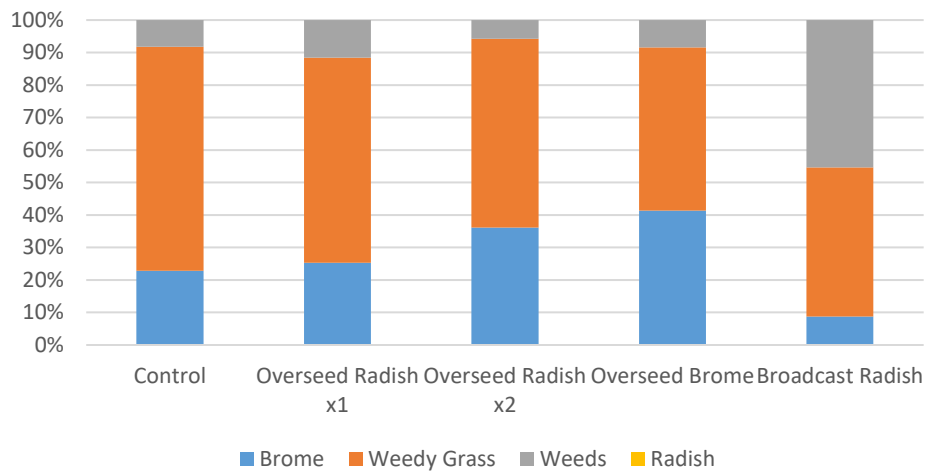

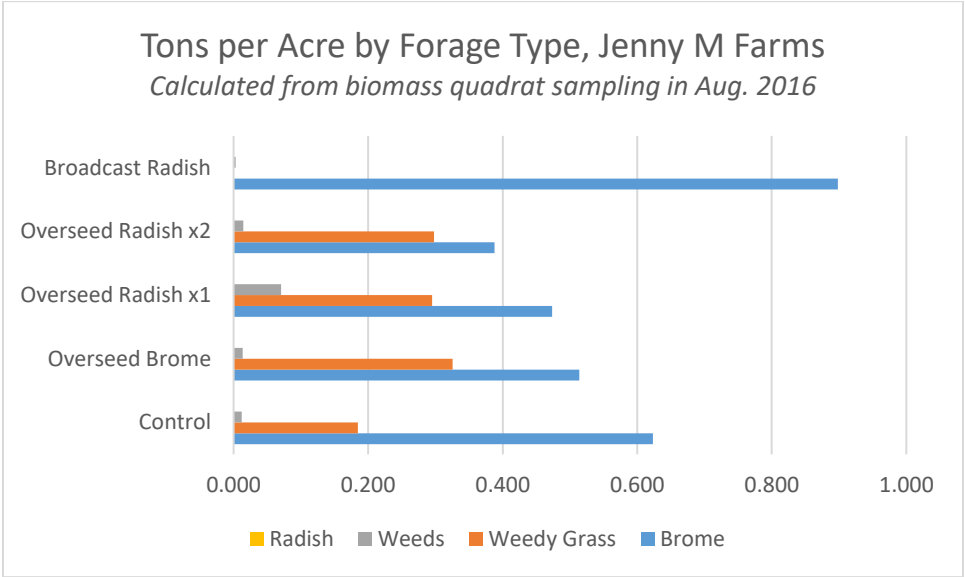

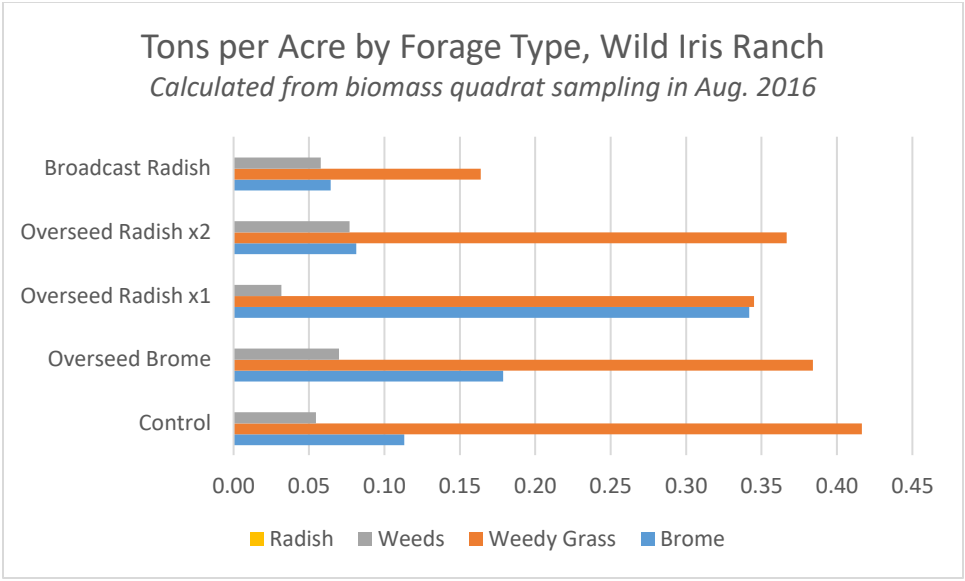

Percent Cover in Lower Canopy, Wild Iris Ranch

Percent Cover in Lower Canopy, Davies Farm

Note: Biomass sampling was not done at Davies Farm because the plots had to be mowed for weed control (all plots except the Overseed Radish x2 were mowed in mid-July 2016).
