# Dirt Rich: Building Soil Health Experts

AUG. 28 – RED LAKE FALLS | AUG. 29 – LAKE PARK

Offering a chance to dig deeper into soil health opportunities, challenges, and monitoring with the region's leading soil health innovators, the Sustainable Farming Association's annual "Dirt Rich: Building Soil Health Experts" events consist of a morning classroom portion followed by an afternoon of discussion and analysis in the field. 2018 sites:

- **Tues., Aug. 28** | 9 a.m.-3:30 p.m. | David Miller Farm, 15885 200th St. SE, Red Lake Falls
- **Wed., Aug. 29** | 9 a.m.-3:30 p.m. | American Legion, 2051 2nd St, Lake Park

Speakers at each include **Justin Morris**, NRCS regional soil health specialist; **Kent Solberg**, SFA livestock & grazing specialist; & **Jeff Duchene**, NRCS grazing specialist.
