

# Dirt Rich: Building Soil Health

THURS., SEPT. 5 | GROMMESH FARM, 18044 HWY 34, BARNESVILLE

Offering a chance to dig deeper into soil health opportunities, challenges, and monitoring with the region's leading soil health innovators, "Dirt Rich: Building Soil Health" consists of discussion and analysis in the field.

This field day will begin at 9 a.m. at the Dave & Will Grommesh Farm; a bus will take attendees to view additional sites including at Ryan & Michael Hough's farm before returning at 2:30 p.m. Topics include:

- Soil pit discussion
- Grazing full season cover crops
- No-till
- Perennial pasture management
- Rainfall simulator
- Interseeded cover crop in cash crop

## Speakers:

- **Jeff Duchene**, NRCS grazing specialist
- **Jen Smith**, NRCS Soil Scientist
- **Kent Solberg**, SFA livestock & grazing specialist

Cost is \$20 with a \$10 discount for veterans. Lunch, coffee & all materials included. Registration begins at 8:30 a.m.

**Register at [sfa-mn.org/soil](https://sfa-mn.org/soil).**

Dirt Rich is presented by:
