

Timeline - IGF Farmer/Rancher Proposal

		2022												2023											
		Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec			
Research	Analyze straw & hemp					*																			
	Inoculate Grain media					*																			
	Incubate Grain media					↔																			
	Launch into substrate						*																		
	Incubate substrate bags						↔																		
	Harvest p1							*																	
	Measurements							*																	
	Composite subsamples for analysis							*																	
P1 – First Planting	Inoculate Grain media														*										
	Incubate Grain media														↔										
	Launch into substrate															*									
	incubate															↔									
	Harvest p1																*								
	Measurements																*								
P2 – Second Planting	Sub samples composite to analyze															*									
	Inoculate Grain media														↔										
	Incubate Grain media															↔									
	Launch into substrate																*								
P3 – Third Planting	incubate															↔									
	Harvest p1																*								
	Measurements																*								
	Sub samples composite to analyze																*								
	Inoculate Grain media															*									
	Incubate Grain media															↔									
Data Analysis	Data Gathering & Statistical Analysis																								
Education and Outreach	Farm tours																								
	Assimilation of results																								
	Present results at community and extension events																*	*	*		*				
	Preparation of website & social media																								
	Regional conference presentation																*				*
