OUR GOAL IS TO SUPPLY THE RETAIL GROCERY AND WHOLESALE DISTRIBUTOR NEAR YOU WITH BEEF THAT IS SAFE, TENDER AND FLAVORFUL.

Painted Hills Natural Beef has always had the safety of our product as our number one concern. Steps we take to maintain our rigid safety standards:

Our cattle are never fed animal byproducts.

Our animals are held in proprietary pens and never mixed with other populations.

Our animals are processed to Washington Beef's strict standards as one unit and never mixed with other processing.

Continuing growth is the story at Painted Hills Natural Beef! With the current level of awareness and sophistication in the retail market these days, consumers are demanding a better beef product. Painted Hills has it! We are a natural beef finished with NO ADDED GROWTH HORMONES OR ANTIBIOTICS. We feed NO ANIMAL BY-PRODUCTS; our cattle are fed a 100% vegetarian diet of corn, barley and alfalfa hay. We feel our program is the highest quality natural beef program around, using only Northwest beef by Northwest ranchers.

Painted Hills Natural Beef is finalist for the National Cattleman's Foundation 2004 Vision Award.

PAINTED HILLS NATURAL BEEF

Thank you for your interest in Painted Hills Natural Beef! We are pleased to share our love for ranching with you.

The desire to provide our customers with products of consistently high quality has been the focus of our company from the beginning. To us, this means producing a product that is safe for your family as well as naturally flavorful and tender. Our beef is raised with NO ADDED HORMONES, NO ANTIBIOTICS and a 100% VEGETARIAN DIET. Our cattle are never fed animal by-products of any kind. This is beef you can trust.

To us, this isn't just a job; it's our way of life. And you, our consumers, are helping to preserve that way of life. With each purchase of Painted Hills Natural Beef products, you help to directly support the independent rancher and the ranching tradition that is the cornerstone of our communities and our lives.

We hope you take the time to look around here and learn about our company, our products and our way of life.

Thank you – from our family to yours.
