

Growing Sustainable Agriculture in Southwest North Dakota

Two day camps provided youth with the opportunity to learn the interconnectedness of nature and land management decisions.

Seventeen youth received 12 hours of hands-on education in the field learning about sustainable agriculture practices.

Instructors

- ❖ Josh Dukart, Holistic Resource Management Educator
- ❖ Ben Geaumont, Hettinger Research Extension Center
- ❖ Jon Fettig, NRCS Rangeland Specialist
- ❖ Randy Gaebe, Bowman County Weed Officer
- ❖ Andrea Bowman, NDSU Bowman County Extension Agent
- ❖ Camie Janikowski, Bowman-Slope SCD
- ❖ Fred Nass, NRCS Soil Conservation Technician

"Learning about the dung beetle was my favorite part of camp."

"I liked coming to the ranch best."

"My favorite part was learning about all the plants and names of the plants."

—quotes from camp participants
