

**SW North Dakota Soil Health
Producer Questionnaire**

Name: _____

We would greatly appreciate your input in order to summarize the Soil Health Demonstration.

	2010	2011	2012
Years Cover Crop Seeded (mark "X")			
Early, Mid, or Late			
Previous Crop and Yield:			

Your comments and observations: Comment where you wish

Mark "X"	Decrease Noticed	No Change Noticed	Improvement Observed	Comment
Infiltration:				
Soil cover:				
Earthworms:				
Moisture:				
Aggregates:				
Yields:				
Tilth – ease of tillage				

Suggestions/Lessons Learned: _____

Other Comments: _____

How has your opinion about soil health changed since 2010?

	Disagree		No Change		Agree
Soil health has become more important to me.....	1	2	3	4	5
I have observed the benefits of soil health.....	1	2	3	4	5
I have become more knowledgeable about soil health.....	1	2	3	4	5
I intend to improve soil health on my operation....	1	2	3	4	5

Cover Crops Seeded:

(Mark which apply "X")

Optional

		2010	2011	2012
	Buckwheat			
	Lentils			
	Peas			
	Radish/Turnip			
	Sunflower			
	Triticale			
	Canola			
	Oats			
	Millet			
	Sudan/Sorghum			
	Soybeans			
	Clover			
	Annual Rye Grass			
	Vetch			
	Other _____			
Growth Response:	No Growth			
	1" – 6"			
	6" – 12"			
	> 12"			
Use:	Nonuse (Feed Soil Organisms)			
	Graze (# of Head/Type)			
	# of Days			
	Other: _____			

If cover crop was terminated, how?

	2010	2011	2012
Frost			
Graze			
Chemical
