Bull Breeding Soundness Exam

1. Improve conception rate
2. Be sure your bull is healthy
3. A missed pregnancy costs much more than the exam \$
4. A problem bull will miss more than one pregnancy \$\$

Questions? Bill Shockey, 304-329-1391 or
Delores Pomeroy, 304-789-2788

Dr. Isaiah Smith of Mountainview Veterinary Clinic, Keyser will provide local farmers with an opportunity to have a breeding soundness examination conducted on their herd bulls. \$50.00 will cover the cost of the examination which includes a physical examination of feet, eyes, and testicles and electro-ejaculation for sperm count and morphology. Vaccination and de-worming will be offered for an additional cost. Farm visits on other dates, may be scheduled. Pregnancy checking is also available for an additional cost of \$6.00 per cow or heifer. Volume discounts for pregnancy checks for 30 or more head.
