

Knowing Your Natural Resource Inventory

Market Your
Natural Resource
Inventory
through CRMI

CRMI enhances
cooperative monitoring
because it is an
agency-accepted and
approved program

Colorado Resource Monitoring Initiative Workshop

January 29, 2015 • Salida USFS Ranger Station
5575 Cleora Road, Salida, CO 81201
9:00 am - 2:00 pm

This workshop will focus on the methodology for monitoring, provide landowners and land managers with key resources to be successful, and go into depth on the CRMI database.

To register for this FREE
Colorado Resource Monitoring Initiative Workshop
Contact: Devin Murnin at (303) 431-6422 or
devin@coloradocattle.org

Topics To Be Addressed

- Range Monitoring Tools
- Monitoring Methodologies and Indicators
- Mastering the CRMI Database
- One-on-one question and answer

Implementation of CRMI will ensure that your institutional knowledge of the land will be passed down from one generation to the next

The CRMI program would like to recognize the Habitat Partnership Program for their continued support.
