## Welcome to Canola College 2017

### ***Taking Canola Production to the Next Level***

*Canola College* 2017 is part of an industry wide effort to expand acres planted to canola and to strengthen the industry as a whole in the southern Great Plains. It is a joint effort of the Great Plains Canola Association, Oklahoma State University, Kansas State University and canola industry supporters.

Whether you are a crop insurance agent, member of an agricultural governmental agency, canola industry service or product provider, **or an experienced or first time grower** - *Canola College* 2017 has something for you. You will hear from and can visit with canola experts on a variety of key topics. You will also be able to visit with industry partners who provide the equipment, products, and services needed to produce and market the crop. Take advantage of the opportunity to check out what they are offering.

We are glad that you are here and hope that your expectations for learning more about canola and the canola industry will be met.

Ron Sholar  
Executive Director  
Great Plains Canola Association
