

# CONNECTING TILE TO CONSERVATION

JUNE 29, 2023

Field event sponsored by McCuskey Farms, The Wetlands Initiative,  
and the Marshall-Putnam Soil & Water Conservation District

JUNE 29  
11AM – 2PM &  
4PM – 7PM

FREE MEAL  
AT NOON

LOOK FOR THE SIGNS!  
North of the intersection of 1400  
North and 500 East, Henry, IL  
Marshall County

The public is invited to attend a conservation practice field day at one of the newest Smart Wetlands.

This tile-treatment wetland, built in 2021, is located on cropland in western Marshall County, IL.

Get a close-up view of how the water flows into and out of the wetland.

See the wildlife habitat provided by the native vegetation.

Learn how the wetland removes nitrate from ag tile drainage water.

Ask the farmer and wetland designer questions
