

Angelic Organics Learning Center

Builds sustainable local food and farm systems

**We are regenerating agriculture
from farmers to eaters.**

- We are changing the way people farm and eat so that we have **GOOD FOOD**:
 - healthy,
 - green,
 - fair and
 - culturally-expressed.
- We consider "good food" as food coming from a sustainable local food and farm economy.

Angelic Organics Learning Center

Builds sustainable local food and farm systems

We know that
GOOD FOOD has a
“**Quadruple Bottom Line**”:

- Economy,
- Equity,
- Ecology,
- Expression.

These four E’s must be
honored for the
food and farm system to
be **SUSTAINABLE**.

Angelic Organics Learning Center

Builds sustainable local food and farm systems

Five program initiatives for farmers and eaters:

1. Urban Initiative in Rockford & Chicago
2. Farmer Training
3. On-Farm Education
4. Farms Forever
5. Civic Engagement & Organizing

Learn. Grow. Connect.

Angelic Organics Learning Center

Builds sustainable local food and farm systems

We offer educational programs for farmers and eaters in n. Illinois and s. Wisconsin

Since 1998, we are the educational partner to **Angelic Organics**, a vibrant Biodynamic and 'certified organic' community-supported agriculture (CSA) farm.

Together, we are **Angelic Organics Association.**

Offices and training farms in:

1. Caledonia (Boone County)
2. Chicago/Englewood E2L
3. Rockford/RHA Blackhawk
