

# Evaluating the Impact of Feed on Animal Health, Growth Rates and Meat Quality in Pastured Poultry

This is the Cobb Creek Mobile Range Coop. It is 20' x 36'. It will be split into four equal quadrants, each with the same number of chickens, drinkers and feeders.

**Group 1:** back, left quadrant

They will be fed the non-GMO corn and soy feed.

**Group 3:** front, left quadrant

They will be fed the organic corn-free and soy-free feed.

**Group 2:** back, right quadrant

They will be fed the non-GMO corn and soy feed.

**Group 4:** front, right quadrant

They will be fed the organic corn-free and soy-free feed.
