

TITLE	CATEGORY	DATE	LOCATION	TEAM ATTENDEE(S)	AUDIENCE	TALK CO-AUTHORS	TALK TITLE	ADDITIONAL NOTES
Soil Health Partnership Field Day	Farmer Outreach	9/16/2015	Kosciusko County, IN	Jennifer Tank; Sheila Christopher; Brittany Hanrahan; Matthew Trentman	Approx. 100 participants: farmers; Certified Crop Advisors (CCAs); others			Presentation of preliminary results from SDW research
"Cover Crops Do Pay" field day	Farmer Outreach	11/6/2015	Rensselaer, IN	Brittany Hanrahan	130 Participants: farmers and landowners; SWCD staff; agricultural industry reps			
Healthy Soils for Healthy Water Workshop at the Soil and Water Conservation Society Nutrient Management and Edge of Field Monitoring Conference"	Presentations	12/2/2015	Memphis, TN	Brittany Hanrahan		Brittany Hanrahan; Jennifer Tank; Sheila Christopher	How do changes in conservation alter hotspots of nutrient export in agricultural watersheds?	2-4 Dec 2015
Center for Excellence Crop Day"	Agricultural Meetings	1/8/2016	Adrian, MI	Brittany Hanrahan		Brittany Hanrahan; Sheila Christopher; Jennifer Tank	Watershed Scale Adoption of Cover Crops in Indiana: Responses in Water and Soil Quality	Hanrahan, B.R., Christopher, S.F., Tank, J.L. 2016. "Watershed Scale Adoption of Cover Crops in Indiana: Responses in Water and Soil Quality"
Review of nitrogen management, cover crops, and other BMPs on multiple scales"	Agricultural Meetings	1/25/2016	Illinois State University, IL	Jennifer Tank and Brittany Hanrahan		Jennifer Tank; Brittany Hanrahan; Sheila Christopher; Matthew Trentman	Using cover crops to improve water quality in agricultural watersheds	
Kosciusko County SWCD Annual Meeting"	Farmer Outreach	2/16/2016	Kosciusko County, IN"	Jennifer Tank and Brittany Hanrahan	>100 Participants: 50+ farmers; SWCD staff; NRCS staff; TNC staff	Jennifer Tank; Brittany Hanrahan; Sheila Christopher; Matthew Trentman	Using cover crops to improve water quality in agricultural watersheds	Tank J.T., Hanrahan B.R., Christopher S.F., and Trentman M. 2016 "Using cover crops to improve water quality in agricultural watersheds"
Town Hall Project Meeting	Farmer Outreach	2/26/2016	Shatto Ditch Watershed, Mentone, IN	Brittany Hanrahan; Jennifer Tank; Sheila Christopher; Matthew Trentman	22 Participants: 10 farmers, 5 SWCD staff and board members, 1 NRCS staff, 1 TNC, 1 County Surveyor	Brittany Hanrahan; Jennifer Tank; Sheila Christopher; Matthew Trentman	Cover Crops Improve Soil Health in the Shatto Ditch Watershed, Kosciusko County, IN	Hanrahan, B.R., Tank J.L., Christopher S.F., and Trentman, M. 2016 "Cover Crops Improve Soil Health in the Shatto Ditch Watershed, Kosciusko County, IN"
For Rebecca Holwerda (Assistant to US Senator Dan Coates)	Hosted Tours	3/10/2016	Shatto Ditch Watershed, IN	Jennifer Tank; Sheila Christopher; Brittany Hanrahan	Rebecca Holwerda; partners including farmers and SWCD staff; 1 visiting academic			Gave tour and described project and preliminary research findings
Cover Crops Workshop	Farmer Outreach	4/2/2016	Kosciusko County, IN	Brittany Hanrahan	30 Participants: farmers, land owners, SWCD staff, Agriculture industry, farmers, university researchers	Jennifer Tank; Brittany Hanrahan; Sheila Christopher; Matthew Trentman	Using cover crops to improve water quality in agricultural watersheds	Invited by farmer to speak at his cover crop field day
Town Hall Project Meeting"	Farmer Outreach	4/14/2016	Kirkpatrick Watershed, IN	Jennifer Tank; Sheila Christopher; Brittany Hanrahan; Matthew Trentman	27 Participants: 10 producers, 10 SWCD staff and board members, 1 TNC, 1 County Surveyors, 4 UND researchers, 1 IU researcher	Jennifer Tank; Sheila Christopher; Brittany Hanrahan; Matthew Trentman	Cover Crops Improve water quality and Soil Health in the Shatto Ditch Watershed, Kosciusko County, IN: Looking ahead to Kirkpatrick Ditch Watershed, IN"	Tank J.T., Christopher S.F., Hanrahan, B.R., Trentman, M. 2016. "Cover Crops Improve water quality and Soil Health in the Shatto Ditch Watershed, Kosciusko County, IN: Looking ahead to Kirkpatrick Ditch Watershed, IN"
37th Annual Indiana Water Resources Association Annual Conference	Presentations	6/8/2016	Potawatomni Inn at Pokagon State Park, Angola, IN	Matthew Trentman; Sheila Christopher; Brittany Hanrahan; Kara Prior; Ursula Mahl	Scientists at other universities or agencies in Indiana	Brittany Hanrahan	Does the planting of winter cover crops at the watershed-scale reduce nutrient loss from agricultural watersheds?	June 8-10, 2016. Brittany Hanrahan gave this talk.
Arrowhead Country Resource, Conservation and Development Annual Dinner	Presentations	6/22/2016	Moontree Studios, The Center at Donaldson, 9601 Union Road, Plymouth, Indiana 46563	Brittany Hanrahan; Elizabeth Willows	19; members of the RC&D board and staff/volunteers from The Center at Donaldson		How do changes in conservation alter hotspots of nutrient export in agricultural watersheds?	Brittany Hanrahan gave this talk.
Field to Lake: Soil, Science and Water Working Together Field Day	Farmer Outreach	7/27/2016	Near Napoleon, Henry County, OH	Brittany Hanrahan; Elizabeth Willows	30 farmers, water and soil scientists and conservation organisation staff		Reducing nutrient loss with the two stage ditch and cover crops	Presentation about IWI project and two linked activities to demonstrate cover crops and how to take stream measurements
Hosted Illinois Soybean Association board members in Shatto Ditch	Hosted Tours	8/24/2016	Shatto Ditch Watershed, Mentone, IN	Jennifer Tank; Brittany Hanrahan; Elizabeth Willows	8 board members, 4 SWCD & NRCS partners		Overview of Indiana Watershed Initiative project	Jennifer Tank addressed the whole group and there was also time for one-to-one discussions
Farming for the Future; Healthy Soils Field Day	Farmer Outreach	8/25/2016	Solid Rock Farms, Remington, IN	Elizabeth Willows; Brittany Hanrahan	28 farmers, 3 SWCD partners, 1 SHP rep		Update on Indiana Watershed Initiative Project	A Soil Health Partnership Workshop
