

I have read the project description and understand the contents of this document. If I have any questions in the future about this study, they will be answered by Molly Scheel or her staff. By providing my name and contact information below, I am confirming my willingness to participate in this research.

Your Name: Nick Pehle

Name of your Farm: Les Bourgeois Vineyards

Address: 12051 Sinking Creek Road, Rocheport, MO 65279

Phone: 573 694 1569

Email: Nickpehle@gmail.com

Preferred method of contact: email

Please tell us a bit about yourself (your role, what you and your farm do, and any other information you'd like to provide):

Grape grower and vineyard consultant, been in the grape industry over 20 years.
Handle all aspects of wine grape production and work for around 40 different vineyards in MO.

Please briefly explain why you are interested in the project:

SWD is a major contributor to late season bunch rot in Vignoles and other grapes we grow.
Finding cost effective ways to control SWD is needed for the success of our vineyards
