

Timeline for Palouse Cover Crop Project

Objective/Task	2020				2021				2022				2023				2024			
	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
Objective 1: Assessing the effects of cover crop mixes																				
Planning, Design and Site Preparation	Planning, Design and Site Preparation																			
Cover Crop Trials	Cover Crop Trials																			
Spring Crop Blocks planted/harvested - Year 1																				
Fall Crop Blocks planted/harvested - Year 1																				
Spring Crop Blocks planted/harvested - Year 2																				
Fall Crop Blocks planted/harvested - Year 2																				
Spring Crop Blocks planted/harvested - Year 3																				
Fall Crop Blocks planted/harvested - Year 3																				
Cover Crop, Weed and Cash Crop Monitoring	Cover Crop, Weed and Cash Crop																			
Soil Sampling	Soil Sampling																			
Spring Sampling - Year 1																				
Spring Sampling - Year 2																				
Spring Sampling - Year 3																				
Statistical Analysis	Statistical Analysis																			
Demonstration Field Day	Demonstration Field Day																			
Objective 2: Economic return of cover crops vs. business as usual																				
Tracking Input Costs	Tracking Input Costs																			
Relative Probability and Treatment Comparison Calculations	Relative Probability and Treatment Comparison Calculations																			
Objective 3: Develop and disseminate management recommendations																				
Hosting field days	Hosting field days																			
Facilitation of stakeholder focus groups	Facilitation of stakeholder focus groups																			
Conference Attendance	Conference Attendance																			
PNDSA - Year 2																				
Palouse Alternative Cropping Symposium - Year 2																				
PNDSA - Year 3																				
Palouse Alternative Cropping Symposium - Year 3																				
Disseminating fact sheets	Disseminating fact sheets																			
Fact Sheet available - Year 1																				
Fact Sheet available - Year 2																				
Fact Sheet available - Year 3																				
Write scientific publication	Write scientific publication
