INDUSTRIAL HEMP FIELD TOUR

MANHATTAN, KS

Monday, August 9, 2021
11am

Introducing Your Hosts:

James Garman

CEO, Kannaco, LLC

James 'Jim' Garman is a Jewell County, KS native and fifth-generation farmer. He is also a third-year participant in the Kansas research and commercial hemp programs.

Kannaco, LLC is a Manhattan, KS-based vertically integrated, multi-channel hemp brand with offices in San Diego, CA, that markets and sells professional-grade cannabinoid products to practitioners and consumers across the country.

Sarah Stephens

President of The Kansas Hemp Consortium,
CEO of Midwest Hemp Technology

Sarah Stephens is a third year hemp producer, CEO of Midwest Hemp Technology and President of the Kansas Hemp Consortium. Assembling an experienced team, learning from available research and committing to industrial hemp in the region, Sarah applied for and was awarded a SARE research grant this growing season. She secured several varieties of industrial hemp to study yields across more than 100 acres. An innovator in business, Sarah leads with an entrepreneur's heart. Working with farmers and processors across the state, she enthusiastically supports the growth of industrial hemp in Kansas.

We are pleased to invite you to join us on Monday, August 9th, at 11:00 am to tour Kannaco's 2021 industrial hemp field, located just West of Blueville Nursery, right along the Southside of Anderson Avenue.

We hope you take this opportunity to join us and learn more about the entire process, from genetic selection and planting to harvesting and processing methodologies.

In attendance will be representatives and guests from Kansas State University, the Kansas Department of Agriculture, licensed growers from across the state, and public parties interested in learning more.
