

**2024 ECO City Farms Apprenticeship ILP**

**Name:** \_\_\_\_\_ **Check-in date:** \_\_\_\_\_

1) **What are your general learning goals for this year?**

2) **Are there specific skills you want to learn? Why?**

- 3) What support do you think you might need this year? Your answer can be broad! Examples include – more frequent labor check-ins, visits to more farms, connections to more local farmers, financial support, etc.
- 4) How do you best receive feedback? How do you prefer to be managed by other people?
- 5) What do you think your farming goals might be for 2025? What do you want to work towards this year that would set you up to achieve those goals? Examples include – a part time farm job, access to land, a business plan, etc.

Core learning areas	Trainee feedback about learning area
Compost (pile creation and management, types of piles, vermicompost, etc)
