Ag Professional Continued Education Program

October 25, 2023, 1:00 - 3:00pm Eastern time In-Person &  
Online Options Available

PA Farm Link, in collaboration with Sustainable Agricultural Research & Education Program and the Pennsylvania Department of Agriculture, are offering a hybrid continued education program on Medicaid 5-Year Look-back. Our expert educator for this upcoming program is MacGregor Brillhart, attorney at Stock & Leader. Ag professionals will learn about long-term care expenses and related asset planning strategies to ensure farms are not encumbered by Medicaid liens. Through increased understanding of the five-year look back and its impact, consultants will provide accurate, higher quality guidance to farmers.

Mr. Brillhart focuses his practice in all areas of estate planning, estate administration, elder law, and fiduciary litigation. MacGregor routinely assists with the preparation of estate planning documents, including wills, general durable powers of attorney, living wills and trusts, as well as estate and trust administration. He also frequently appears before the York County Court of Common Pleas in matters relating to incapacity hearings/guardianships, name changes and adoptions. In the area of elder law, MacGregor assists clients with the preparation of Medical Assistance applications and the utilization of various Medicaid Planning techniques.

This program will be beneficial to agriculture professionals working with farm families. PA Farm Link will be providing a free Medicaid Lookback Program for farmers in 2024. Please refer to our website for updates on upcoming educational opportunities.
