

## Template Usage:

### Document Instructions

- Change Border color to correspond with the produce
  - EX) Tomatoes - Red, Corn - Yellow, Service Berries - Purple

### PAGE 1:

- Instructions on how to tell ripeness, store, prepare, and cook the produce.
- ALWAYS include the QR code and test it before printing
- ALWAYS include CJ logo Wordmarked at the bottom

### PAGE 2

- Replace Image to corresponding produce, keep the image size (3.2 x 2.5)
- Replace Text to corresponding produce, Left aligned
- OPTIONAL: Use the circle in the corner as a fact bubble (center aligned) or delete it for space purposes

Delete the Last Page (this one) and you're good to print!
