### Meet a Co-Hort: Jill Beebout

**Your favorite crop or variety to grow and why:** There are a lot of things I love to grow, but I'm most obsessed with growing really great head lettuce. We haven't quite made it to year-round production with heads since our high tunnels are unheated but we can supply it pretty reliably from April through January.

**What are you excited about this year:** 2025 marks the 20th anniversary of the farm and that paired with an awesome farm crew has me really excited for the season. Our theme for this year is Celebrate EVERYTHING!
