

Recommendations made to farmers can affect multiple parts of a farm system. On the left, please circle your level of awareness of how recommendations about one part of a farm system could affect other parts of a farm system, BEFORE the workshop. On the left, circle your level of awareness of this effect NOW, after the workshop.

Awareness before

Awareness after

Non-existent – Minimal – Moderate – Considerable

Non-existent – Minimal – Moderate – Considerable

Effect of recommendations on other parts of a farm system

As a result of this workshop, will you change how you make recommendations to farmers? If so, please describe in what ways you will change your recommendations. Be as specific as you can.

Three horizontal lines for writing a response.

As a result of participating in this program, did you expand your network of colleagues who could help in your work?

Yes No Not sure

If so please give examples of how you expect those connections to help you in your work, or how they already have.

Will you integrate what you learned yesterday & today into your work? Do you plan to share your newly developed skills with your co-workers who were not here?

Three horizontal lines for writing a response.

Did this program:

Build comradery	A lot	somewhat	not at all
Develop relationship	A lot	somewhat	not at all
Identifies skills of participants	A lot	somewhat	not at all

Program Evaluation for Reading the Farm Participants

September 2021

What is your comfort level providing guidance on:

(1=not comfortable, 5=very comfortable)

Difficult topics	1	2	3	4	5
Familiarity with whole farm planning	1	2	3	4	5
Advocating for farmer needs at state or local level	1	2	3	4	5
Understanding of programs beyond your own	1	2	3	4	5
Helping farmers make changes in management that lead to greater sustainability	1	2	3	4	5
Helping farmers make changes in management that lead to greater profitability	1	2	3	4	5
Servicing the needs of beginner farmers	1	2	3	4	5
Servicing the needs of historically underserved farmers	1	2	3	4	5

This project is supported by the National Institute of Food and Agriculture, U.S. Department of Agriculture, through the Northeast Sustainable Agriculture Research and Education program under sub-award number [SNE20-008-NH](#)
