

Soil Health Breakfast

Thursday, November 14th, 7:00 - 9:00 AM

The Center, Colfax, WA (110 S Main St, Colfax, WA 99111)

Agenda

7:00 am | Breakfast is served!

7:30 am | Brian Bohnhoff, Leveraging Biology on Your Farm

8:15 am | Guided discussion

Speaker Bio

Brian Bohnhoff

Brian is a northwest native and a proud WSU grad. A diverse background in ag retail across central Nebraska, western North Dakota, and the Palouse led him to start his own business, Precision Bio. With a focus on reducing synthetic inputs and using biology as a tool, Brian is continually looking for ways to make his customers more profitable.

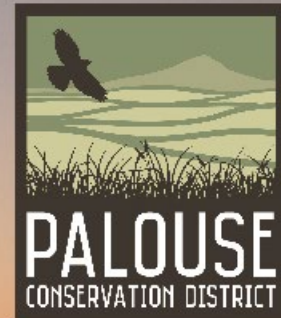

National Association of
Conservation Districts

Funding for this breakfast is supported by Washington State Department of Ecology, Western SARE, and National Association of Conservation Districts.
