

Rusty Bucket Mushrooms

-Who We Are-

Pete and Van met each other working on Thorpe's Organic Farm and developed a passion for growing and providing food to the WNY area. We have since started our own mushroom farm and are excited to partner with the Thorpe family to bring more to the table this season.

-What to Expect- We will provide 21 weeks of diverse, locally grown gourmet mushrooms to complement your veggie and fruit shares. With your share, we will provide a weekly recipe to spark your culinary creativity.

-Varieties- Like vegetables, mushrooms are seasonal. Certain strains prefer specific conditions. We will provide a diverse selection of only the best mushrooms that you can't find at your local grocers such as Oysters, King Trumpets, Lion's Mane, Chestnut Mushrooms and more, as the season allows. Many of these have incredible health benefits, and they are all lean, healthy, vegetarian protein.

Pricing

Shares are available in two sizes, small (½ lb/wk - \$160 total) and large (1 lb/wk - \$250 total). This offers a discount over market prices, and gives you more variety.

[Shares will be packaged in breathable, eco-friendly paper bags or boxes to reduce waste]
