To Whom it May Concern:

Home Church Roswell supports the application of Concrete Jungle for the SARE CFP Food Loss and Waste Training and Technical Assistance grant.

On the third Sunday of every month we provide FREE produce and dry goods for families with Food Insecurities in our community. Then only way we could make this happen is in partnership with Concrete Jungle. They go above and beyond to help us provide quality produce for our families.

Concrete Jungle provides healthy produce that is critical to the families we serve. We are eager to work with them to receive more imperfect, Georgia grown produce through their program, "Upcycling On-Farm Food Waste Through Produce Buyers Club Gleaning Initiative and Produce Education and Enjoyment Loop (PEEL) Outreach Program".

Sincerely,

Philip Thurman
Community Engagement Pastor
