Somewhat knowledgeable	Increased a little	Somewhat interested	Somewhat easy	A little knowledgeable	Increased some	Somewhat interested	Very difficult	I think many of the same questions I had before, at least in terms of sap testing. I'm glad this study is going on, but I would still like to see the actual recommendations/actionable recommendations based guides for the sap testing, e.g., given these results in the handout, what actions were recommended?	Very useful	Looking forward to seeing this summary/ hopefully published and citeable!	No	Not applicable	CA	16	24
