

**From eggplants to emus,  
sheep to solar energy,  
bed & breakfasts to beef,**

these seven farms offer a unique diversity of farm experiences in one afternoon. Come meet your farmers and learn about local, seasonal food and how we can all transform what's on our plate.

Soil Sisters highlights a cross-section of women farmers in the Green County area of Wisconsin, representing one of the fastest growing groups of new growers prioritizing small-scale, diversified, community-focused agriculture.

**Farms will be open from  
11:00 am - 4:00 pm and  
farmers will be leading tours  
on-going throughout the day.**

Each will offer different educational kids' activities to connect the next generation with family farms and our food sources. Tours and activities are free and open to the public and will take place rain or shine (come dressed for the weather). No pre-registration needed.

**Farms will have various  
homegrown items for sale.  
Bring a cooler!**
