

## SHS Farm Tour Agenda

June 26, 2021

### 9:00 am - Clover Mountain Dairy, Blue Creek WA

Tour of the dairy; talk about small dairy considerations; show our DNMP constructed wetland; discussion how cows improve soil; and rotational grazing. Introduction to the WSU AgWeatherNet Station located on the farm what it records and how to access the data.

*For biosecurity, we request that everyone wear shoes/boots that can be sanitized in a foot bath, if not we will provide plastic booties.*

### 10:30 am – Ola Aina Farms, Dry Creek Rd.

Discussion, the use of sheep for land management and use of portable infrastructure and electric fences for rotational grazing. Hands-on demonstrations with electric netting and poly-wire products, and maybe even a portable watering system. Other points of discussion will be science and research of why rotational grazing provides benefits to both the landscape and the animals on it.

### 12:00 pm - Tour Ends

BBQ lunch provided by Ola Aina Farms and Timeless Fence
