Dear June

I wanted to thank you for the incredibly wonderful guide entitled "*Visit Rehoboth Farms*". The insightful history, useful farm descriptions, beautiful graphics and photographs make this an indispensable marketing tool for the Town and Rehoboth farm businesses. As a resident, it engenders pride and as a very small farmer, it summons gratitude! A truly inspirational work!

Hopefully, it is another step in the continuum of preserving our agricultural heritage and fostering local commitment. Congratulations to you and the Rehoboth Agricultural Commission for your strong leadership, hard work and dedication.

Many, many thanks.
