Farmers invited to meeting in Canton Oct. 29 for info on recycling plastics

Saturday, October 10, 2009, 8:33am

MADRID -- St. Lawrence County received a Northeast SARE grant to recycle 20 tons of used agricultural plastics over the next year, and is seeking farmers to participate in the project.

In exchange for preparing the plastics for recycling, the county will collect and bale the material at no cost to the farmer.

Interested farmers are asked to attend a half-hour information session before the Cooperative Extension and American Dairy Association's Joint Annual Dinner on Thursday, Oct. 29 at the Madrid Community Center. The information session will begin at 6:30 p.m, and provide an overview of the project and its timeline.

Following the information session, participants will receive two complimentary meals at the dinner.

Farmers are asked to register by contacting Cooperative Extension at 379-9192 by Oct. 23.
