

Harvest of the Month: How to Help in the Cafeteria

1. Check in with your cafeteria employee. Find out if she'd like you to help with anything special.
2. If there are any taste tests available, serve them to students.
3. Walk around the cafeteria & encourage students to try the Harvest of the Month item. A trivia sheet is included if you'd like to talk to them about the Harvest item.
4. Fill out the enclosed survey & email your responses (along with any suggestions or other feedback you may have) to Jessica Sankey at jlsankey@gmail.com.

Thank you so much for your help!
