

BENEFICIARY FORM
Northeast SARE Professional Development Program

Project ID: ENE10-115

Principal Investigator: Troy Bishopp

Annual Report year: 2011

Final Report year: _____

Milestone Activity	Beneficiary Number					
	Extension	USDA	Non-Profit	SWCDS	Farmers	Other
A total of 30 Participants (an average of 10 per training site) sign up for training and contact 150 farms in total (an average of 5 farms each) that they will begin working with on holistic grazing planning.	8	12	4	18	3	
24 to 30 Participants each attend 6 training sessions while working with 120 farms that are creating and/or implementing a new type of grazing plan.	7	12	4	18	2	
The planned grazing and reading the land sessions brought together over 60 outside auxiliary conservation service providers, extension educators and local farmers to join the learning experience in addition to the project participants.	12	3	2	5	38	
In working with NOFA-NY, the Northeast Organic Dairy Producers Alliance, Tioga County SWCD, Lewis Co. CCE, NOFA-VT and the Lancaster County, PA Graziers, over 270 farmers participated in reading their own land and keeping track of improvements on the northeast biological monitoring chart					270	
24 Participants work intensively with 3 farms each to complete a total of 72 holistic grazing plans.	7	12	4	18	2
