*less hiring paperwork would be good, with so much turnover of people
more preparation, with everyone having their needed documents*

-if you guys could be like a labor contractor I think that would be easier.

14. Are you considering hiring crews from the Many Hands Farm Corps again next season?

yes definitely!

15. Would it be helpful to offer crews earlier in the season? How early would you be able to hire crews?

maybe a little in May if needed help on projects

16. Would it be helpful to offer crews later in the season? How late would you be able to hire crews?

yes into september/oct though we'd be happy to hire on good candidates like we did this year

That might be preferable a check lets talk

17. How often would you want to hire crews next season? Once, occasionally throughout the summer as needed, weekly? *Weekly*

18. Would you be more interested in half crews or full crews?
Last years size worked well
schedule

Feel free to use the space below to offer any more feedback or suggestions, thanks for your time and we hope to see you next season!

We have two locations this year so we might want the crews to go to Montague sometimes, Granby other times and we'd like to setp how to coordinate that with you.

Great to have you guys!

It would be really helpful ~~to~~ if you had more flexibility and a greater level of responsiveness in ^{Scheduling} your letter, you talk about the importance of timing. I felt like I was often putting your crew on jobs that were less effective because they should

have been done the week before, and I had called the week before but you had been busy and unable to send a crew over. Your service would be most effective for me if you called on a Thursday to ask how much help I would need, and on which days, in the following week. I also feel like each of your crew leaders should have a season's experience on a farm, because I often felt that a certain level of "farm sense" was lacking.
