Federal and State of Hawai'i Incentive Programs For Land Management on Private Lands April 8, 2010

- This chart is intended to facilitate comparison of programs and provide contact information. It is neither complete nor authoritative.
- Some programs provide funding to both State and Private lands.
- Most cost-share programs **reimburse** landowners for a portion of their costs; payments are limited by (a) % or ratio of payment to match, (b) standard rates (caps) for eligible practices or (c) annual or project total maximums.
- Most programs have guidelines for what can qualify as the "match" for the cost-share. Funding from one program usually cannot match funding from another unless one program is non-Federal and the other is Federal.
- Generally, Federal and state cost-share payments need to be reported in tax returns and may or may not be taxable; search for "Cost-Share" in www.timbertax.org or <a href="www.timbertax.org/publications/aghandbook/aghan

Program Name & Administering Agency	Purpose of Program	Eligibility Criteria	Incentives and/or Cost Share Levels	Time-Frame	Other Requirements	Contact
Forest Legacy Program DOFAW via FS funds	Preclude conversion of forestland to nonforest uses.	Private landowner that is a willing seller, currently 75% forested and threatened by development or fragmentation; must fall within designated "Forest Legacy Areas".	Federal funds available to purchase up to 75% of market value of a conservation easement or fee simple acquisition. Carries potential tax benefits.	Applications Due August 20 th Acquistions Permanent	Subject to competitive prioritization at state, regional, and national levels. Requires FSP Plan; may require EA and CDUP. Subject to Yellow Book standard appraisal and review.	Sheri S. Mann (808) 587-4172 Sheri.s.mann@hawaii.gov www.state.hi.us/dlnr/dofa w/Legacy
Recovery Land Acquisition F&WS Via DOFAW	Acquisition of fee title or conservation easement for protecting habitats essential for recovery of listed species before development or other land use changes impair or destroy key habitat values.	Private land willing seller in support of approved species recovery plans.	75% cost-share	Applications Due Acquisitions are Permanent	Subject to Yellow Book standard appraisal and review. Regionally competitive.	Craig Rowland (808)-792-9450 Craig rowland@fws.gov www.fws.gov/endangered/ grants/section6/FY2006/R FP.pdf
National Coastal Wetland Conservation Grant Program F&WS	Provides matching grants to States for acquisition, restoration, management or enhancement of coastal wetlands.	Projects are selected based on ranking factors: 1. Consistent with the National Wetlands Priority Conservation Plan; 2. Located in States with dedicated land acquisition programs; and 3. Located in maritime forests on coastal barrier islands.	Program fact sheet — http://ecos.fws.gov/docs/coastal_grants/web/pdf/1135.pdf		Additional ranking include credit to projects benefiting threatened and endangered species, promote partnerships, and support conservation & recovery. Program will not provide grants to support planning, research, monitoring, or construction or repair of structures for recreational purposes. Habitat Conservation Plan (HCP) Land Acquisition F&WS Via DOFAW	Acquisition of land that have important benefits for ecosystems that support listed, proposed and candidate species.	Land must be associated with approved HCPs.	25% of estimated project cost; or 10% when two or more States or Territories implement a joint project	Permanent	Nationally Competitive. Subject to Yellow Book appraisal and review.	Heather Hollis Heather_hollis@fws.gov
Army Compatible Use Buffers Program Formerly: Private Lands Initiative Program US Army	Available for NGO or state/local agency to purchase a portion of land (titles or conservation easements). Helps the Army meet Endangered Species Recovery Act and prevention of future T&E species listings.	Private landowner that is a willing seller near Army lands. Another source of funds should be identified because this program does not provide funds for an entire purchase.	Possible reduced land taxes.	Permanent	Army may use the land for low-impact training.	John Housein (410) 436-6465 John.housein@us.army.mil Hawaii contact: alvin.char@us.army.mil http://aec.army.mil/usaec/ natural/natural03a.html
Wetlands Reserve Program	Offers landowners an opportunity to establish long-term conservation and wildlife practices and protection by restoring, and enhancing wetlands on private property.		Provides technical and financial support to help landowners with their wetland restoration efforts.			Michael Whitt (808) 541-2600 Ext. 153 michael.whitt@hi.usda.go v
Grassland Reserve Program	Participants voluntarily limit future use of the land while retaining the right to conduct common grazing practices; produce hay, mow, or harvest for seed production; conduct fire rehabilitation; and construct firebreaks and fences.	Minimum of 40 contiguous acres. There is no maximum acreage. Private landowners only.	This is a conservation easement in perpetuity. Easement payments for this option equal the fair market value, less the grazing value of the land encumbered by the easement. These values will be determined using an appraisal process.	10 - 30 year agreements	Required to follow a conservation plan developed by NRCS and the participant to preserve the integrity of the grassland. If restoration is determined necessary by NRCS, a restoration agreement will be incorporated within the rental agreement or easement	Michael Whitt (808) 541-2600 Ext. 153 michael.whitt@hi.usda.go v
