 Date

Please use this space to explain any major changes in expenses. Use additional paper if needed.

The change in marketing expense is noted above. Previous approval was received to transfer \$2,000 from salaries for Dan Blackledge and Bonnie Blackledge to equipment for the purchase of a new press (an unanticipated expense). Totals for Operating, Equipment, and Outreach are summed, but can be broken out by line items if needed. Totals for each category represent total amounts spent to date, and it is understood that the grant does not cover all these expenses. Mileage has exceeded 1160 miles, at which point we quit counting.
