

Growing, learning and farming at Nolte Hills!

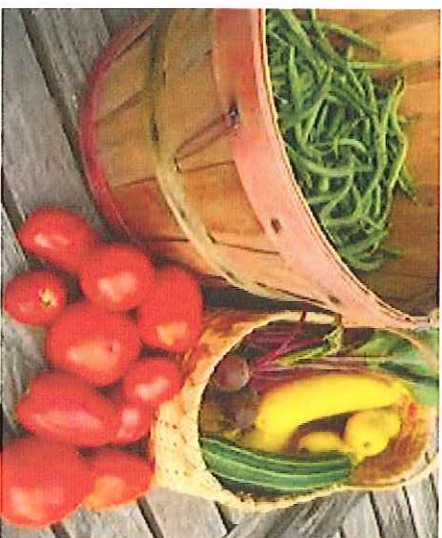

We continue to adapt and adjust each day. This year my Hillbilly Hydro system saved the day. Using what we had on hand, I made a portable growing system of rain gutters. This worked out better than we hoped and proved to be a way to combat Mother Nature's extreme heat and drought.

We are always thinking, planning ahead. Please ask us if you have questions or contact us by phone or email. We learn so much from others and we are pleased to give back.

Most of all Betty and I appreciate you, our friends and customers. Thank you for your continued interest and support.

Nolte

Think of us from beginning to end! See us for vegetable seedlings, bedding plants, and more. Fresh, local vegetables include: Kohlrabi, carrots, cabbage, beets, spinach, onions, salad greens, cucumbers and of course – TOMATOES!
