

Westmoreland Community College Youngwood, PA

Research has shown that we can lower protein levels in the lactating cow ration to improve profitability and reduce ammonia emissions.

What tools do you need in your herd reproduction tool box to improve efficiency?

From Greensburg and Route 30

- Take Route 119 South into Youngwood.
- At the second traffic light (Depot Street), turn left.
- Proceed 1 mile to the college located on the right.

From the New Stanton Interchange of the Pennsylvania Turnpike (Exit 75)

- Take Route 119 North into Youngwood.
- At the fourth traffic light (Depot Street), turn right.
- Proceed 1 mile to the college located on the right.

An **OUTREACH** program of the College of Agricultural Sciences

Penn State College of Agricultural Sciences research and extension programs are funded in part by Pennsylvania counties, the Commonwealth of Pennsylvania, and the U. S. Department of Agriculture.

College of Agricultural Sciences

Program

The trade show will welcome visitors from
9:00 a.m.-10:00 a.m.
and from
12:15 p.m.-3:00 p.m.

9:00 a.m. Registration

10:00 a.m. Dr. Ray Nebel
“Management Tips for Improving
Reproductive Efficiency”

11:00 a.m. Dr. Alex Hristov
“Feeding Lower Protein Diets to
Improve Dairy Profitability”

12:00 p.m. Mid Atlantic Dairy Promotion
&
Pennsylvania Dairy Princess Presentations

12:15 p.m. Lunch and Visit Trade Show

1:30 p.m. Dairy Producer Panel
Moderated by Vickie Baker
Pfizer Animal Health

Forage Quality
Milk Quality
Reproductive Efficiency

2:45 p.m. Door Prize Drawing

3:00 p.m. Adjourn

Keynote Speakers

Dr. Ray Nebel - Dr. Nebel is Vice President of Technical Services Programs and Senior Reproductive Specialist for Select Sires Inc. He has been very instrumental in the development and release of Select Sires' advanced estrus detection technology, Select Detect™. Most recently Select Sires' release the Select Detect Mobile App. This new mobile application allows dairy producers to access cow records from the barn, from the field or when they are on the go. The mobile Select Detect application is optimized for iPhone®, iPod Touch®, iPad® and Android™-based phones. Dr. Nebel also serves as Adjunct Professor of Animal Science at The Ohio State University.

Dr. Alex Hristov - Dr. Hristov is an Associate Professor in the Department of Dairy and Animal Science at Penn State University. Dr. Hristov's research has focused on reducing protein feeding in lactating dairy cattle to improve air quality by reducing ammonia emissions and improve dairy profitability. Before coming to Penn State, Dr. Hristov was Associate Professor in the Department of Animal and Veterinary Science at the University of Idaho.

Registration Deadline

Friday, March 2, 2012
