Southern Appalachian Highlands Conservancy's Community Farm Discovery Trail

What might you see along the way?

Map Legend	
Trail Head	Wetlands area
Discovery Trail	Archaeological site
Hardened stream crossing	Shortleaf pine restoration area
Gate	Streams
Watering tank	

Please remember this is a working farm and be aware that various hazards do exist. These include electric fences, barbed wire from old fences, and roaming livestock. In addition, you may encounter poison ivy, snakes, and yellow jackets. Please stay on the trail and close gates behind you. To keep our farm clean and stream healthy, please pack out your trash with you, including pet waste. Be safe and have an enjoyable visit!

This trail brought to you with funding from private donors and:
