Dear SARE representative:

As project coordinator for YENC14-081, I am writing to apologize that it appears I had subjects fill out the wrong form for photo releases for my October 11, 2014 event. If this is problematic, I will have to send out forms by mail or e-mail them all and get them to sign the correct form. Otherwise, I'm asking that the forms participants did sign and thus included in the annual report as an attachment be considered adequate for the permission you seek. I sincerely apologize for the mistake.

Please contact me with further instructions if necessary.

Sincerely,

Jon Zirkle

Hi, Jon,

We're in TX visiting for Christmas and won't be back in IN till mid January. We could work around some things and print, sign and scan the forms, but this might be easier....

By this email, I/we authorize Jon Zirkle or his designee to sign photo releases for us relating to the SARE project 2014.

Thanks.

Hello, farmers! Merry Christmas!

I hope you are well, and anticipation the light snow we are expecting tonight. Sees its been a dry fall, huh?

I know its the holidays and sorry I forgot to get this to you sooner, but wondering if you'd open the form below and sign the Model Consent Form for the USDA SARE project. There are few photos taken in which you appear, and thus you need to sign a form. I've got the report completed otherwise, which is due Dec 31st.

Let me know if you have questions. If you're like me and don't have a scanner at home, but have a phone camera, take a picture of your signed form and send back to me (as long as it's zoomed in enough to be legible).

Take care! So thankful to have gotten to interact this year, and going forward.

Many blessings,

Subject: Re: SARE youth educator project - questions about photos

To: Jon Zirkle <jzirkle@goshen.edu>

Hi Jon,

Thanks for asking!

The photographers need to sign a photo release form giving SARE the rights to use the photos. These are called "image consent forms."

The people appearing in the photos need to sign individual release forms giving the photographer permission to take their photos. These are called "model consent forms."
