

EQIP Application Deadlines for 2015 Funding

Announcing the sign-up cutoff dates for the Environmental Quality Incentives Program

In Washington - Apply by Friday, November 21, 2014

In Oregon - Apply by Friday, January 16, 2015

NRCS now accepting 2015 EQIP applications

It's time to plan for the next season of forest growth and restoration

Last week the Natural Resources Conservation Service office for Washington State announced the application deadline for 2015 EQIP projects. **The deadline for Washington forest owners to apply for EQIP funds is Friday, November 21, 2014.** The deadline for Oregon forest owners to apply for EQIP funds is Friday, January 16, 2015.

If you've been thinking of developing a new management plan or are looking for resources to improve the health of your land, EQIP may be for you. The [Environmental Quality Incentives Program](#) is a voluntary, technical and financial assistance program. Your [local NRCS office](#) can assist you in completing the application.

Northwest Certified Forestry members have accessed this conservation resource to develop management plans, pre-commercially thin overstocked stands, and restore diversity to their forest's plant community. Not sure if your project is a good fit? Contact [your local NRCS office](#) with questions.

For Washington forest owners:

If you're interested in applying for 2015 funding, make sure to [turn in your application](#) at your local USDA-NRCS service center office before the [November 21st deadline](#).

EQIP funding is available for a variety of forest stewardship projects, including:

- Develop a forest management plan
- Pre-commercial thinning
- Pruning
- Tree and shrub planting
- Invasive species removal
- Snag, downed log and habitat pile creation
- Erosion control
- Forest road and landing decommissioning
- Hedgerow planting
- Bird nest boxes
- Improving pollinator habitat
