

Making It Happen

Profitability and Success

Workshop Series

Presented By The Carrot Project

Making It Happen: Profitability and Success will help small farmers build sound financial systems. Farmers will learn effective financial management tools that can be used to make business decisions and improve their farm business. These tools can be easily used by farmers in business operations: to improve productivity, reduce costs, increase net farm income, and improve overall quality of life.

Workshop Locations

Pocantico Hills, NY, December 3th hosted by Stone Barns Center for Food and Agriculture
Rehoboth, MA, December 7th hosted by Young Farmer Network
Rutland, VT, January 4th hosted by RAFFL
