Dirt Rich: Building Soil Health Experts

WED., SEPT. 18 | SNAKE RIVER FARM, 18251 62ND ST, BECKER

Dig deeper into soil health opportunities, challenges and monitoring with some of the regions leading soil health innovators.

View Tom Barthel and Gail Wilkinson's Snake River Farm (above), which operates a diverse grass-based farm with bison, cattle, sheep, pastured hogs and poultry. See how Tom and Gail are restoring oak savanna to expand pasture acreage, enhance forage production and soil health, and build habitat for wildlife. Learn how to implement silvopasture principles to boost farm profitability.

Speakers:

- **Tom Barthel & Gail Wilkinson**, farmers
- **Kent Solberg**, SFA livestock & grazing specialist
- **Diomy Zamora**, Extension Educator
- **Gary Wyatt**, Extension Educator

Cost is \$25 for SFA members/\$35 nonmembers; registration includes lunch, coffee and all materials.

Register at sfa-mn.org/soil
