

FARM TO SCHOOL

Farmer in the Classroom

Photos top left to right: Farmer Bill of Snug Haven at his farm, Farmer Rufus of Keewaydin Farms and Eugene of Gentle Breeze Honey give lessons in the classroom

What is Farmer in the Classroom?

- Introduces elementary school students to local farmers and sustainable agriculture practices
- Teaches students about where food comes from
- Students learn first-hand how sustainable farming benefits communities and the environment
- Children get to learn about concepts like: how vegetables grow, honey bees, and farm animals

This program is made possible through funding from the NCR-SARE Sustainable Agriculture Grant Program
