

Figure 8. Ordination plot of bee community composition among plant species across farms and years (2014 and 2015). Plant species are represented by colors: red = *C. rotundifolia*, orange = *E. speciosus*, yellow = *G. aristata*, light green = *G. viscosissimum*, dark green = *H. maximiliani*, blue = *H. villosa*, purple = *M. fistulosa*, pink = *P. confertus*, and gray = *P. hastata*. Farms are represented by shapes: square = Gallatin Grown, circle = Gallatin Valley Botanical, triangle = Rocky Creek, and up-side-down triangle = Towne's Harvest Garden.
