

**Learning Circle #2: Virtual (2 hrs)**

**By the end of the session, participants will:**

- ✓ Review soil health principles
- ✓ Review key traits of healthy vs. unhealthy soil
- ✓ Understand how soil health practices can implement soil health principles
- ✓ Begin thinking how soil health can be managed on their land

**Welcome, introductions, sharing of assessment choices (15 minutes):** how did you choose to assess the health of the soil on your land? How did it go? Any challenges? Successes?

**Technical Discussion: Soil Health Practices 1 (90 minutes)**

**Discussion leader(s):** Dr. Mary Barbercheck, Penn State University

**Homework!** Link [here](#)

**Wrap-Up and Review (15 minutes):** What stood out to you in today's presentation? What practices would you like to delve into more deeply in our next session? What questions do you have about the homework?

**Adjourn**
