Q9 How would you improve the workshop?

1	Nothing	8/17/2016 3:02 PM
2	Everything was great! Maybe just a little bit more to help students with NO large livestock experience figure out what they need to do, step one day one, to consider getting into Bison ranching. The workshop was fantastic overview, but wonder if students with no experience would still be left a little bit in the dark about say on average how much land per Bison cow calf pair, they should start with. I know this depends on the health of the pasture, but, maybe just some information for the absolute beginners to grasp. Help those who are thinking, "I can't do this I don't have 1000 acres..." realize what they really need to get started!	8/16/2016 2:00 PM

Q10 How would you improve the outreach materials (the "Bison Toolkit")?

2	I thought the toolkit had a ton of information in it!	8/16/2016 3:10 PM
3	Maybe a list of Bison producers or Bison industry folks in their area (this would obviously need to be tailored per each workshop), but it would help, after the training, to connect beginners to producers in their region, if not locally.	8/16/2016 2:00 PM
