## Field Day Announcement | Sustainability 3.0: Innovations for the Innovators

August 4th, 2022 • 1:00 to 4:00 pm

STUTE Farms, W3736 Little Prairie Road, East Troy, WI 53120

A field day featuring local research on next-generation sustainability strategies for those ready to refine their cover cropping and no-till management. This free event will be held rain or shine, refreshments provided.

### FIELD DAY TOPICS

#### **Banding Gypsum at Planting: Opportunity and Potential**

Field investigations of low-rate gypsum to improve corn stand establishment and S fertility.

Tour will include discussion of NCR SARE Project LNC21-456: Can cover crops pay?

*Speaker: Jim Stute, STUTE Farms*

#### **Why You Should Be Interested in Perennial Grains—Moving Beyond Hay to Grain Income**

What is Kernza? And what it could do for Wisconsin farmers in grain crop rotations.

*Speaker: Nicole Tautges, Agroecologist, Michael Fields Agricultural Institute*

#### **Summary of TNC Ag Work in Wisconsin: Small Steps for a Greater Future**

*Speaker: Ricardo Costa, Agricultural Strategy Manager, The Nature Conservancy*

Attendance is limited to 75 participants to accommodate plot tours.

Please register by August 2 at [REGISTRATION LINK](#) or by phone 573-639-8971.

For more information, contact Ricardo Costa at 573-639-8971 or [r.costasilva@tnc.org](mailto:r.costasilva@tnc.org)

Three CCA CEU's in Crop Management have been applied for. Funding for this field day was made possible, in part, by the North Central Region SARE Program, Project FNC21-1308, and the Kernza-CAP project.
