¹Brown/yellow mustard blend (c.v Caliente) 11 lb/A; optimally planted on Aug-20-2013.

Incorporation: cover crops chopped, disked and culti-mulched on Oct-25-2016 when mustard was 2 feet tall with ~1% in bloom.

 $^{^2}$ Numbers in a column followed by the same letter are not significantly different, Fisher's Protected LSD test, p<0.05.

 $^{^{3}}$ NS: Not significant according to Fisher's Protected LSD test, p > 05.
