

CULTIVATING COLLABORATION

WORKSHOP 2

WELCOME & GROUP REFLECTION

WHAT MAKES A SUCCESSFUL PROJECT?

1. Designed, implemented and supported by people who live in the community
2. Fosters diversity (social/ecological)
3. Supports underrepresented communities
4. Supplies communities with healthy, fresh, local, and culturally appropriate foods
5. The project is replicable
6. Supports local livelihoods
7. Limits external inputs

PILOT PROJECT

- Who needs to be on the team?
- Who will the project benefit?
- How does the project benefit the community? Does it change a system?
- How will the project serve future generations/continue without AERO support and be a model to other communities?
- What does success look like, and how will we measure?

PILOT PROJECT

EVALUATION & SHARE

Evaluate metrics
What and how to share
Share at MFEI Meeting &
in Resource Library

ASSESSMENT

Team assets (rubric)
Which project?
What is success?
How to measure success?

IMPLEMENTATION

Advisory & Mini-grant
support

The Spectrum of Prevention

BREAKOUT 1

PROJECT SUGGESTIONS

10 minutes

- Divide into Groups 4-5
- Share 5 project ideas

GROUP DISCUSSION

15 minutes

- Group the suggestions into themes
- Create project teams

BREAKOUT 2

COMMUNITY DIALOGUE

20 Minutes

Groups of 4-5 (Select someone to report back)

- Who needs to be on the team?
- Who will the project benefit?
- How does the project benefit the community? Does it change a system?
- How will the project serve future generations/continue without AERO support and be a model to other communities?
- What does success look like, and how will we measure?

GROUP DISCUSSION

20 Minutes

Group Share

TAKEAWAYS

- | | |
|-----------------|---------------------------------------|
| PILOT | 8.4.20: Share concepts with AERO |
| PROJECTS | 8.6.20: Pilot Projects Announced |
| PICKLIST | 8.8.20: Assign yourself Project Group |
| PROJECTS | |
| SCHEDULE | 8.10.20: Decide Meeting Date |
| | 8.18.20: Start Group Meetings |
