When soil health suffers, on-farm production, nutrient replacement, and management costs escalate. Please place an X on the scale below to indicate your knowledge about how to determine soil health

	1	2	3	4	5	6	7	8	9	10	
Very little knowledge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	Expert

Bulk density is directly related to soil compaction and soil health. Place an X on the scale below to indicate your knowledge about bulk density and how to measure it.

	1	2	3	4	5	6	7	8	9	10	
Very Little Knowledge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	Expert

The web soil survey is useful tool that can be used to analyze a piece of land. Place an X on each scale below to indicate your knowledge about how to use the web soil survey.

	1	2	3	4	5	6	7	8	9	10	
Very little knowledge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	Expert

As livestock operations have increased in size manure management and protecting the environment has become a bigger and more regulated. Place an X on the scale below to indicate your knowledge about the environmental consequences and regulations related to manure management.

	1	2	3	4	5	6	7	8	9	10	
Very little knowledge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	Expert

What topics would you be interested in for future workshops?
